

# Agnesia Agrella

*Business Architect for Symetize*

**October 6th at 9 am ET**

**“Empowering Leaders to Tackle Today’s  
Biggest Business Challenges”**

Under normal circumstances businesses must constantly adapt to the needs of their customers, requests from regulators, changes in technology and the demands of their shareholders, but COVID has added another very complex layer. In this webinar we will explore the skills and techniques that management, project teams and staff can use to change these challenges into opportunities.
